

MEXICCO flag

To color the flag of Mexico, color the rectangle on the left green, the rectangle on the right red, and leave the rectangle in the center white. Color the bird gold and brown, and the leaves green.

Did you know...?

Mexico is in the shape of a large ham. It is located between the United States and Central America. Mexico is the largest Span is-speaking country in the world. Chicle, found in chewing gum, is taken from the sapodilla tree, which grows in the Yucatan desert of Mexico. Food from Mexico such as tacos, quesadillas, burritos, guacamole and chips and salsa are enjoyed all over the United States!
